I hope everyone is staying cool this summer. The A/C is on in the workshop if you need a place to chill out, just sayin'. The classes resumed this week and surprisingly there are quite a few members taking a new class for the first time. That's always a great sign that the club is growing. Members who use social media are doing a great job sharing and posting on our FaceBook page and interest is developing in ways we never imagined. Our website is another source of traffic that has been outstanding. Thank you to Roni Welton for maintaining and managing the website.

Oct. 20-21.....40th Annual St. Lucie County Rock, Gem & Jewelry Show

This is the time of year that the Club begins to focus on our annual show. FYI Marcia Robart begins working on it the day after the last one ends, and that is no joke!! We will be holding meetings focused on the show and recruiting volunteers to chair the core committees that help Marcia execute the show. These committees will be established at the next meeting and we ask you to consider signing up to head one. Marcia will establish a schedule for meetings and these dates will also be announced at the meeting.

If you have any suggestions for the show we encourage you to attend the general meeting and the show meetings and let us know what we can do to improve our show. Advertising is always one of our biggest concerns and we would like to know how you feel about ways to best do that.
